RENEWED health and strength—won back through the beneficent help of Sanatogen—has been the happy and satisfying experience of thousands of men and women. They have written and told how it succored them when their nerves—broken down through illness, overwork or worry—were starved out and drained of their vitality.

And if your nerves have given way under stress and trial-if your digestion is upset—if your sleep is restless and disturbed—if you are fretful and irritable—if your work is a burden—you may well

consider whether Sanatogen will do for you what these thousands of other men and women say it has done

Specifically intended as a natural upbuilding food-force for debilitated, exhausted nerves—Sanatogen offers a scientific union of the necessary nerve-food elements—purest protein and organic phosphorus. These elements are in an easily digestible form—readily assimilated—and imposing no strain or stimulation. Sanatogen is a natural nerve-food—actually carried to the nerve cells—and so becoming a powerful force in renew-ing nerve strength and vitality and helping restore the balance of health to other bodily functions.

Over 16,000 physicians heartily endorse Sanatogen, in writing, as a real help for the tired-out and nervous—for the weak and debilitated. YOU may find the answer to your troubles in the use of Sanatogen.

Sanatogen is sold in three sizes, \$1.00, \$1.90, \$3.60 Get Sanatogen from your druggist—it nat! ; , of obtainable from him, sent upon receipt of price.

THE BAUER CHEMICAL COMPANY NEW YORK CITY

The Boy Scout organization of Honolulu still continues to receive a large amount of publicity. The Scoutheadquarters in New York City sends out news items every now and then to the leading newspapers throughout the United States, as well as those in other countries, of the doings of the Boy Scouts all over the world. Among the latest articles received appears the following item:

James E. Weat, Chief Scout Executive, has received many interesting reports of the development of the Boy Scouts of America organizations in the Island areas under the Ameri-

in the Island areas under the American flag. In a recent letter, J. A. Wilder, Scout Commissioner in Honoiniu, Hawaii, writes: "For the first time in this generation a Hafirst time in this generation a Hawaiian boy, a scout, has made fire without matches, using only Hawaiian materials from the native wilderness." The scouts under Wilder's jurisdiction have just completed their annual hike of forty miles, the expenses of which were paid from the proceeds of an exhibition and demonstration of scout-craft. Three cases of urgent first aid were accomplished by boys on this trip. The Court of Honor of the Local Council is about to recommend one scout, Eddle Apau, for an honor medal fer bravery. New boys are fast being enrolled, and four additional scout masters have applied for commissions. There are many friends of the Scout movement in Hawaii and pledges of \$250.00 per year for the Hawaiian area have been promised to the National Council of the Boy Scouts of Americs.

DISPERANCE MEADER

Shocked When Band Plays 'Garryowen'

DUBLIN, Oct. 25.—General Sir Bad-en-Powell views with no inconsider-able amount of appreheusion the suc-

this that has particularly brought them under the displeasure of Sir Baden-Powell, whose patriotic sentiments were badly jarred when he found a squad of them marching recently to the tune of "Garryowen." He questions their right to use the title "Scout", and is said to be contemplating action to prevent it for the future.
